The guarantee of the Principal Guaranteed Fund Policy, in which the Principal Guaranteed Fund of the Principal MPF – Smart Plan invests, is given by the Sponsor. Your investments in this constituent fund, if any, are therefore subject to the credit risks of the Sponsor. The guarantee applies in specified circumstances only. Please refer to Section 5.1(6) of the offering document of the Principal MPF - Smart Plan for details of the credit risk, guarantee features and guarantee conditions. Upon realization of units in this constituent fund other than under the guarantee conditions, the proceeds of realization are subject to a reduction by the Sponsor of a certain percentage of the member’s account balance (or the relevant part of the account balance). The rate of reduction is determined by the Sponsor at its sole discretion and can be changed by the Sponsor at any time without prior notice. The current maximum rate of reduction is 5%. This page contains the Default Investment Strategy (DIS) Disclosure and Business Rules which forms part of the form. Member should read the contents in detail before completing the form.

#### DIS Disclosure and Business Rules (Effective Date is 1 April 2017)

##### **Default Option**

- (1) Effective from 1 April 2017, the default investment arrangement of the scheme is DIS.
- (2) Members are allowed to choose separate fund choices on employer or member contribution. For unspecified part, the future contributions and accrued benefits transferred from another MPF scheme will be set to DIS.

##### **Valid Investment Option**

- (1) Fund choice allocation must be an integer.
- (2) Fund choice allocation must be a minimum of 5%.
- (3) For new enrolment case, if the total fund choice allocation is less than or exceeded 100%, or the percentage has been amended but without member's signature, future contributions and accrued benefits transferred from another MPF scheme will be set to DIS.
- (4) For fund switching case, the percentage amount for switching should be an integer percentage and the switch-in total must be 100%. If the total fund choice allocation is less than or exceeded 100%, switching percentage not an integer or the percentage has been amended but without member's signature, the existing investment choice for future contributions and accrued benefits transferred from another MPF scheme and/or fund allocation of the accrued benefits (if any) will remain unchanged.
- (5) For switching out of partial accrued benefits to other constituent fund(s), the fund allocation for the rest of the accrued benefits in any or all of a member's sub-account(s) for which no specified instruction has been given will remain unchanged until the member submits another valid fund switching request.

##### **DIS Features**

- (1) Members are free to choose to invest in the DIS. Also, members can select a combination of DIS and other constituent funds including Principal Core Accumulation Fund ("CAF") and Principal Age 65 Plus Fund ("A65F").
- (2) The automatic de-risking feature will only apply to members who have selected or defaulted to DIS. This feature does not apply if member has chosen the CAF and A65F as a standalone constituent fund choice.
- (3) The date of annual de-risking will be on member's birthday. In case the member's birthday is not a business day, the annual de-risking day will be the following business day. For member's birthday on 29 February, the de-risking will be on 1 March if there is no 29 February for the year.
- (4) For member who has selected DIS and with incomplete date of birth record:
  - If only the year and month of birth is available, the annual de-risking will use the last calendar day of the birth month or the following business day if such day is not a business day.
  - If only the year of birth is available, the annual de-risking will use the last calendar day of the year or the following business day if such day is not a business day.
  - If the date of birth is unknown, member's accrued benefits will be fully invested in A65F without de-risking.
- (5) For change of date of birth or submission of date of birth after member enrolment, an ad hoc de-risking on the DIS may be processed within 10 business days after we have updated the member's record.

##### **Discontinue of De-risking**

- (1) The de-risking mechanism for future contributions and accrued benefits transferred from another MPF scheme under DIS will be discontinued if member has provided a valid investment instruction on future investment choice to us which does not involve any DIS selection.
- (2) The de-risking mechanism on the accrued benefits under DIS will be discontinued if member has provided a valid fund switching instruction to us to switch out all the existing fund balance under DIS.
- (3) For a deceased member, de-risking will be ceased once we have received proof of the death of the member. If de-risking has already been taken place between the death of the member and the time at which we received the satisfactory proof of such death, such de-risking will not be undone, although no further de-risking will take place in respect of the deceased member.

##### **Multiple Transactions**

- (1) If we have received another specified instruction, including but not limited to subscription (e.g. contribution or fund transfer-in), redemption (e.g. fund transfer-out or withdrawals) or switching instructions, the de-risking will be automatically processed on the member's birthday while the other instruction(s) will be processed within the service turnaround time.
- (2) When one or more of the specified instructions, including but not limited to subscription, redemption or switching instructions, are being processed on the annual de-risking date for a relevant member, while the annual de-risking will only take place after completion of these instructions, the annual de-risking will be completed on the original de-risking date.
- (3) In order to ensure that the switching instruction can be processed on or prior to the de-risking date, members should refer to the cut-off time and the required time to complete (after the date of receipt of completed instruction) as set out in the "Trustee Service Comparative Platform" in the MPFA's website before submitting a valid switching instruction or change of investment mandate instruction. Any valid switching instruction or change of investment mandate instruction received by the Trustee before the annual de-risking but not meeting the required timeframe may only be completed after the annual de-risking.

##### **Transfer or Withdrawal of Accrued Benefits**

- (1) For transfer of accrued benefits from one account to another account within the same scheme, for example, to transfer the account balance from a terminated member account to a personal account under the same scheme, it will be by way of unit transfer. Regarding future contributions and accrued benefits transferred from another MPF scheme, unless the member has provided investment instruction under the new personal account, the investment mandate will be set to DIS.
- (2) For any specified instructions involving unit redemption, including but not limited to consolidation of personal accounts among different schemes, partial or full withdrawal of accrued benefits, transfer out of accrued benefits due to member termination or under employee choice arrangement, long service payment / severance payment offset and employer switching plans, all or part of the member accrued benefits including DIS will be withdrawn. The de-risking mechanism on the remaining DIS accrued benefits will be continued until the DIS account balance is zero.
- (3) When an account is terminated and all the accrued benefit has been withdrawn or transferred out to another scheme, the subsequent contribution will be withdrawn to the member or transferred out to another scheme from the terminated account without allocating to any of the investment fund.

This includes a personal representative within the meaning of the Probate and Administration Ordinance (Cap 10) and the Official Administrator who gets in and administers an estate of a deceased scheme member in a summary manner without a grant or other legal formality under section 15 of that Ordinance. If there is more than one personal representative and the personal representatives have not authorized one of the representatives to act on behalf of other representatives to lodge the claim, all the personal representatives should submit the Claim Form jointly. For a claimant who also claims long service payment on the grounds of permanent unfitness for his present job under the Employment Ordinance (Cap 57), the claimant may use the form “Certificate of an employee’s permanent unfitness for a particular type of work” under that Ordinance to substitute for the Form MPF(S) – W(M) for the purpose of claiming payment of MPF benefits on the grounds of total incapacity.

- (10) For a claim made by a scheme member for payment of benefits from a contribution account on the grounds of terminal illness, the scheme member may continue his current employment or current self-employment after he has received the payment of benefits.
