

# Principal Life Style Fund - Principal International Bond Fund

Overall Morningstar Rating™ ★★

As of 31/3/2026

## Important Notes:

1. Principal International Bond Fund (“Fund”) will invest mainly in the global bond markets. It will primarily invest in a portfolio of debt securities, both sovereign or non-sovereign, of varying maturities and denominated in the world’s major currencies. The Fund is therefore subject to interest rate, foreign exchange, liquidity and credit risks.
2. Investment involves risk. There is no assurance on investment returns and you may not get back the amount originally invested.
3. The investment decision is yours and you should not invest in this Fund unless the intermediary who sells it to you has advised you that it is suitable for you and explained how it is consistent with your investment objectives.
4. You should not rely solely on this marketing material when making your investment decision. You should read the Explanatory Memorandum of Principal Life Style Fund for further details (including investment policy, risk factors, fees and charges, and fund information).

## Investment Objective

To protect and maximize real asset value in terms of international purchasing power by investing mainly in the global bond markets.
